Kids' Educational Resources

IDEPMEDIA

empowering media

About Kids Educational Media Resources

IDEP's Media team has over 10 years experience in developing high impact, culturally appropriate campaigns and curriculums.

IDEP kids educational media items have been used in communities, schools and development projects throughout Indonesia.

Our children's educational resources include ...

Interactive Games & Children Activity Books

Using these educational games kids learn how to rehabilitate their local environments and how to make their homes, communities and school safer should a disaster occur as well as basic disaster response.

Comic Books

IDEP's Media comic books have been used in communities and schools throughout Indonesia for 10 years. Our media are thought to dramatically increase community motivation for disaster management and preparedness.

for teachers

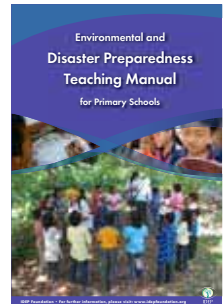

Primary School Teacher's handbook

These easy-to-use manual handbooks help the teachers to develop effective lesson plans, including lesson activities, to make sure that students have understood all the modules.

Learning is fun with our films!

This high-quality film series was developed in cooperation with partners such as UNESCO, and are highly effective for local educational activities.

Kid's Educational Games

These fun and interactive games encourage student to learn about disaster preparedness & management and also environmental management.

Copyright: UN ISDRC
