

...WHEN FORESTS DISAPPEAR... DISASTERS HAPPEN

DON'T

- Clear clear forest land – for any reason.
- Slash and burn trees or any vegetation near forest areas.
- Buy wood or wood-products that are made from protected trees.

DO

- Save and propagate seeds of local tree species.
- Re-plant trees in forest areas, especially on cleared slopes and hills.
- Make use of non-wood forest-products (honey, medicine, bamboo, fruit, rattan, etc) in sustainable ways.

STOP BAD LOGGING PRACTICES AND FOREST FIRES NOW
